Economic development, job creation and quality of life projects are still a top priority, along with our continued support for Law Enforcement, School Safety, transportation and infrastructure projects.

"Sometimes events can test the fortitude of a person and a community and sometimes unpopular decisions are made to keep our families and communities safe. Such was the case during the COVID-19 pandemic. Through the help of many, our local heroes met the challenge.

We didn't cower-we didn't hide. We faced adversity and we won. People are back to work and our kids are back in school.

As your County Judge I will continue to lead and make the tough decisions to keep our County Moving Forward."

- Eddie Treviño, Jr.
