- ❖ **CONTINUING MOVING FORWARD on COMPLETING SALT CREEK TRAIL**
  
- ❖ **A CHAMPION FOR THE BROWN COUNTY MUSIC CENTER and ITS SUCCESSES**

## **Jerry's Plans for the future:**

CONTINUE working with County Council to have a balanced Budget every year moving forward.

I have worked to open a new crossing at Indian Hill. The Commissioners petitioned the Indiana Department of Transportation to open a new crossing. So far, no source of funding has been identified.

Working on plans for a new office for our Prosecutor. The current building is in very bad condition and lacks basic security features. The county will either purchase, lease or build a new building as the due diligence continues.

Finish the Salt Creek Trail at little expense to taxpayers, funding it with grants. Connecting the 2 existing portions so it will be continuous from Nashville to the State Park.

Work with the Town of Nashville to develop a new trail system through Nashville to Deer Run Park. Multiple funding opportunities are available.

Work with the Gnaw Bone Regional Sewer District to obtain financing for updates and expansion of services to enhance growth in the area.

Work toward finding financial aid for repairs and updates to the historic Brown County Courthouse.
