

A New Generation of Leaders:

Standing Up for Women

In A Post Roe v Wade Texas

[A PERSONAL MESSAGE FROM]

Morgan LaMantia

I grew up in South Texas. I value family and share many traditional values.

But I also grew up one of five sisters. From medicine to business, and from law to teaching we've proven we can do anything we set our minds to.

I believe if you value family, you need to respect women and their decisions.

But now Texas has one of the harshest anti-abortion bans in the country. I oppose it, but until it's overturned, here is where I will focus to protect women in a post Roe v Wade Texas.

Amend the law to make exceptions for rape and incest.

Place an age limit, so what happened in Ohio when a 10-year-old girl was raped does not happen here.

Protect doctors from criminal prosecution when they intervene to protect the life of the mother.

Protect Emergency Contraception, especially for victims of sexual assault.

Promote sex education and ensure both young men and women understand the meaning of consent and how to protect themselves..

I'll always let you know where I stand. And on Texas' extreme abortion ban, I oppose it. But if I can't get perfection, I'll take progress, because women's lives are at stake.
