

NOTICE OF SCHEDULED ENTRY INTO FIELDS

Pursuant to Tex. Agric. Code Sec. 74.117, cotton producers in the Lower Rio Grande Valley Boll Weevil Eradication Zone, which consists of all of Brooks, Cameron, Hidalgo, Jim Hogg, Kenedy, Maverick, Starr, Webb, Willacy, and Zapata counties are hereby notified that Texas Boll Weevil Eradication Foundation personnel will be conducting eradication activities in and around their fields, beginning December 04, 2023.

All cotton fields will be mapped, and treatment will begin during the cotton-growing season. For notification prior to any chemical treatment, call 1-800-687-1212 with the exact location of your field and appropriate telephone numbers. Field entry and treatment is expected to last until all cotton is no longer hostable in the zone.

To mitigate risk, beekeepers should notify the Foundation of beehive locations near cotton fields. The Foundation will monitor treatments in these locations where bees are present to ensure the security of hives.

For more information regarding this program, please call the Texas Boll Weevil Eradication Foundation at 1-800-687-1212.
