

**AMIGOS / FRIENDS / VOTERS! ! ! .....  
POR FAVOR.....THINK WISE....VOTE WISE!**

Former Sheriff's Captain Ronnie Saenz possesses extremely important public speaking skills campaigning for Ronnie Saenz for Cameron County Sheriff always setting himself aside from all the other candidates by his exemplary ability to engage and communicate effectively during all his public appearances.

This skill is crucial in leadership roles, especially in law enforcement where clarity, confidence and the ability to command attention are paramount. Saenz's performance at all public appearances not only demonstrates his proficient in public speaking, but also his understanding of the critical issues facing the community.

His observation about the need for ethical campaigning underscores his commitment to integrity and the principle to civil service.

Former Sheriff's Captain, Saenz always presents practical concerns regarding the allocation of resources within the Sheriff's department, advocating for financial prudence and effective collaboration with federal agencies, such as the Border Patrol, to optimize public safety efforts without redundant expenditures on equipment like boats and ATVs.

This approach reflects a thoughtful consideration of budgetary constraints, and a focus on maximizing existing resources to enhance community safety. Unlike some candidates who always fail to present their positions, or are unable to cognitively discuss relevant issues, mainly out of their sheer ignorance, Saenz maintains a focus on substantive matters, demonstrating his qualifications and vision for the role of CAMERON COUNTY Sheriff.

His ability to convey complex ideas with clarity and persuasiveness sets him apart as a candidate well-equipped to lead.
