

COMMUNITY SCANNING DAY

AT THE NATIONAL AFRO-AMERICAN MUSEUM AND CULTURAL CENTER

March 23, 2024

10 - 3 PM

1350 Brush Row Rd. Wilberforce, OH 45384

Commemorate the 50th Anniversary of the Xenia Tornado that forever changed our landscape and our lives. Join us for a community scanning day and help preserve this history when you bring your photographs of the area from before, during, and after the disaster. Our preservation professionals will assist in scanning the images and make them available to our community and future generations through digital preservation.
