

Request for Qualifications (RFQ) for Engineering and Surveying Services

Cameron County Drainage District No. 6 (CCDD6) is seeking qualified firms to provide engineering and surveying services for CCDD6.

CCDD6 proposes to create a pool of engineers and surveyors from which firms will be selected for specific projects.

The requested engineering and surveying services shall include, but are not limited to, preparation of studies; preparation of plans; surveying services; and construction inspection services.

CCDD6's primary role is to develop, improve, and maintain flood control assets and related infrastructure within its district.

Interested firms can request a copy of the full RFQ by going to ccdd6.org or by e-mailing Ms. Elizabeth Martinez, CCDD6 Administrative Services Director, at emartinez@ccdd6.org.

Statements of qualifications for the proposed services should be submitted no later than June 1, 2026, at 5:00 p.m. at the following address:

Cameron County Drainage District No. 6
c/o Ms. Elizabeth Martinez
13863 Kelly Dr.
La Feria, Texas 78559

CCDD6 will host an in-person pre-bid meeting on May 20, 2026, at 3:00 p.m. at 13863 Kelly Dr., La Feria, Texas 78559. CCDD6 management and staff will provide more information on the proposed future CCDD6 projects and answer any questions that may arise.

If you have any questions, please feel free to reach out to Ms. Elizabeth Martinez, Administrative Services Director, at emartinez@ccdd6.org or (956) 200-7349.
