

# BERT OGDEN

## AUTO GROUP

The Bert Ogden Auto Group is proud to have earned the number 38 spot on Automotive News' Top 150 Dealers in the United States, beating over 4,000 auto groups in the nation! This is a milestone achievement and first in the organization's history.

We are also honored to be the only dealership group in the Rio Grande Valley to receive this distinction. Owners Mr. Robert C. Vackar and Mrs. Janet O. Vackar, along with CEO Ms. Natasha del Barrio, share their deep appreciation for this prestigious recognition. This accomplishment would not have been possible without the continued trust and support of the Rio Grande Valley community.

Thank you, RGV, for believing in us.

We also extend our heartfelt gratitude to our dedicated team members across all locations. Their commitment, hard work, and passion for delivering exceptional customer experiences are the driving force behind this success.

With over 51 years in business, beginning with our first dealership in Edinburg, Texas, the Bert Ogden Auto Group has grown to more than 25 locations—and counting—throughout the region.

From Mission to Lyford and everywhere in between, we remain committed to serving the Rio Grande Valley through outstanding customer service, meaningful community involvement, and support for education.

*As we continue to grow, we stay grounded in our core values: faith, family, community, compassion for animals, and unwavering support for U.S. veterans, law enforcement, educators, and first responders. At Bert Ogden Auto Group, your needs—and your family's priorities—are at the heart of everything we do. You can always count on us to help you find a quality vehicle that fits your lifestyle.*
